

### Background

On Monday 6<sup>th</sup> February, Blackburn Rovers FC will play Wigan Athletic FC at Ewood Park. Here at Blackburn Rovers Community Trust and Football Club, we are always looking for new ways to become more environmentally sustainable which is why we have become one of over 80 clubs to take part in Planet League – including the upcoming ‘Green Football Weekend’!

### The Challenge

Design an Ewood Park of the future that is environmentally sustainable – make your designs as creative, bold and colourful as you can!

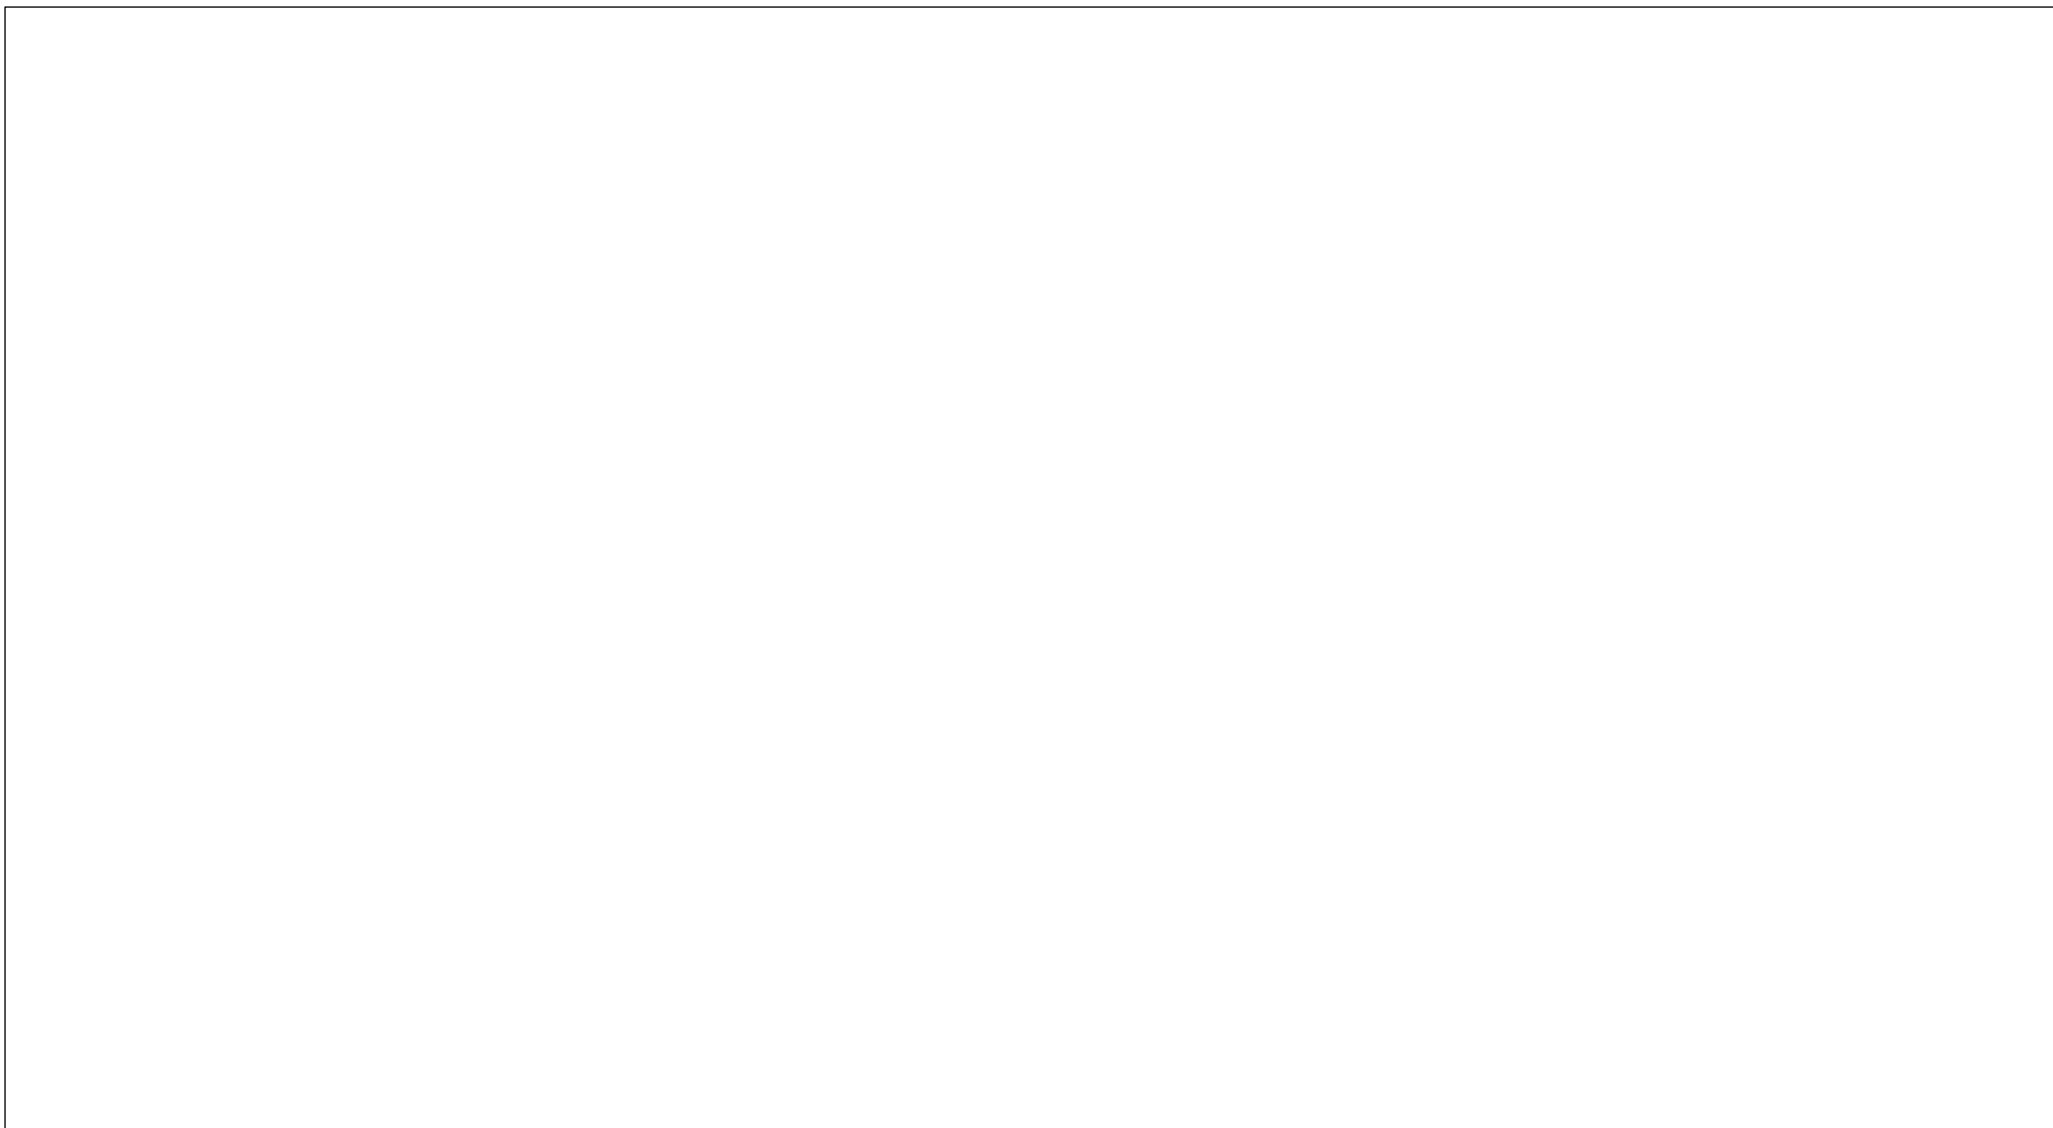

### The Prize

As well as raising awareness on this important topic, selected entries will be displayed on the big screen during this game and on our social media pages.

The creators of our favourite three designs will also be invited to Ewood Park, to share their ideas with our environmental sustainability leads at the Football Club and Community Trust.
